TAKE CARE OF YOUR
SCHRADER WALDEN HUNTING
KNIFE

FOLLOW THESE TIPS

Oil blade to prevent rusting. Use
knife for cutting, not to chop or pry.

HOW TO SHARPEN

Very important, hold blade at angle
shown, draw against edge from heel
to point. Repeat on opposite side of
blade.

IMPORTANT

A lacquer preservative has
been applied to this knife.
This coating will come off the
edge with use and will slowly
wear off the rest of the knife.
It is just one of the many fea-
tures which makes your
