EVERLASTINGLY SHARP
TRADE MARK

I N 1904, "SCHRADE-WALDEN" made its humble start in the town of Walden, New York, some 70 miles from New York City.

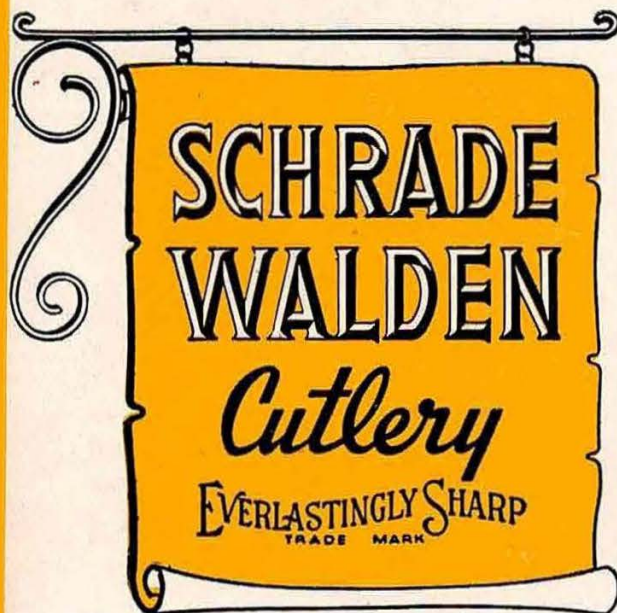

From the very beginning quality was the keynote. Skilled cutlers, mostly of English ancestry, worked long hours to turn out small quantities of the finest hand-made pocket cutlery ever seen in this country. It wasn't long before "SCHRADE-WALDEN" and "QUALITY" became synonymous.

As the years passed, new methods in heat treatment and production were developed. New knives, like the original SCHRADE *Push Button Knife*, were designed. Production and sales prospered, and so did quality.

Today, "SCHRADE-WALDEN" stands alone as the foremost producer of custom pocket cutlery in America. The old Cutler is still at his bench but beside him now sits modern metallurgical and productive genius. Each "1/12th dozen" is still *hand-finished, hand-edged and hand-inspected*. The Master Cutler's touch is still there — in the *keen edge, the velvet finish and the smooth action*.

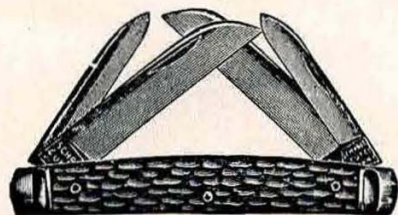

When your customer buys a "SCHRADE-WALDEN" he is assured of the ultimate in quality — "SCHRADE-WALDEN" *quality*.

EVERLASTINGLY SHARP

The Schrade-Walden Blade with the Flat Side for more expert work in Budding and Grafting

These blades are specially tempered and ground flat on one side. This results in a super-keen cutting edge. All cuts are uniformly flat and undamaged because the flat side aligns itself automatically with the natural cutting direction. These SCHRADE-WALDEN Flat-Sided Blades assure you successful budding or grafting with more "TAKES" due to the perfect joint between scion and stock.

P.O. BOX 851
CHURCH STREET STATION

Gentlemen:

SCHRADE WALDEN POCKET KNIVES

Your orders for this fine line of Pocket Knives have been very much appreciated, and we are pleased to enclose new catalog and NET PRICE LIST.

A few patterns have recently been added since the catalog was completed and therefore not illustrated are two Scissor Knives -

877-8776 Pearl Lobster Pattern 2-7/8", Manicure File,
Clip Pocket Blade and Scissor

967-9676T Pearl Sleeveboard Pattern 3", Manicure File,
Pen and Spear Pocket Blades and Scissor

The factory has simplified the numbering system for convenience, but as both new and old numbers are noted in both catalogue and price list, we trust the change will not confuse you.

Our traveler will call on you as soon as possible, but may be delayed in reaching some cities, and we therefore suggest you check your stock and send order by return mail.

WESTERN STATES HUNTING KNIVES

Illustrated page of this outstanding quality line is also enclosed, together with price list, which is on a 50% discount basis. Why not include your order for these at the same time?

Your order will be appreciated and receive our careful and prompt attention.

Yours very truly,
ALFRED FIELD & CO. INC.
